# DOWEL BAR CAPS/SLEEVES DATASHEET

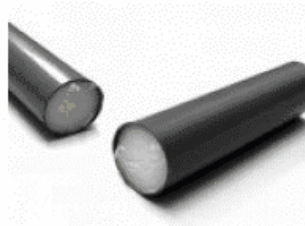

ESSENTIAL COMPONENTS FOR EVERY STAGE OF CONSTRUCTION

# Expansion Dowel Bar Caps

---

**SDG**

- 12 x 100mm
- 16 x 100mm
- 20 x 100mm
- 25 x 100mm

Plastic dowel bar caps are available in standard 100mm lengths. The Dowel bar debonding caps are manufactured from rigid PVC tube with 25mm of compressible material at one end to act as a compression filler, which allows for expansion of dowel bars in construction joints.

## Expansion Dowel Bar Sleeves

- 12 x 450mm
- 16 x 300mm
- 20 x 300mm
- 25 x 300mm

Dowel bar debonding sleeves are manufactured from high grade, flexible PVC and are designed to form a positive debonded dowelled joint in reinforced concrete construction. The use of Dowel Bar Sleeves overcomes the problems associated with paint, compounds, tapes and greases which if not applied correctly can be ineffective.

The logo for SDG, consisting of the letters 'SDG' in a bold, sans-serif font. The 'S' and 'D' are connected, and the 'G' is separate. The logo is white and stands out against the dark teal background.

# SDG
